

Make a Difference Today and Always

Your gift to The Unrestricted Fund provides the most flexibility to meet changing community's needs into the future. A named unrestricted fund allows you to establish your legacy while making a difference today and always. Unrestricted Funds at The Community Foundation support community grantmaking in five broad areas: arts and culture, community betterment, economic development, education, and human services.

Establishing a Fund

Establishing a named unrestricted fund is as easy as determining the name you would like associated with the fund and making your establishing gift. Foundation staff will help you choose a fund name that reflects your desired charitable legacy.

Grants In Action

Throughout the year, unrestricted funds are used to award grants to meet the community's needs. They may be used for grants awarded through community grantmaking, the strategic grants program, or other programs. Funds used to make grants are recognized in public press releases and Foundation publications.

Fund Minimum: \$10,000 | Administration Fees: 1.0% (annually) | Spending Rate: 4.25%
